**80Watt solar panel full kit, easy to install!**

**80w Mono solar panel + 10A 12V solar regulator + 5m cable&battery clips + 4pcs mounting brackets + roof entry gland**

### Features:
- Type(Module): 80W
- Power(Wp): 80W
- Module Size: 1190*540*35(mm)
- Weight: 9.0(kg)

### Applications:
Home solar power system projects
Perfect for commercial solar systems
Science projects
Electronic applications
RV chagers
Charging DC batteries

### Specifications:
Operatine Voltage: 18.0V
Max Operatine Current: 4.59A
Open-Circuit Voltage: 21.24V
Short-circuit Current : 5.05A
Max-Power: 80W
Max System Voltage: 1000V
